## **PLANNING COMMISSION APPLICANT QUESTIONS**

1. Why do you want to be a Planning Commissioner?

2. Have you previously participated on committees, boards, etc., requiring a group decision-making/consensus-building process? If you have, list such experience.

Whether or not you have such experience, what do you think are the necessary prerequisites for successful group decision making?

3. Please describe an issue that was recently addressed by the Planning Commission and explain how you would handle a similar issue.

4. How would you attempt to help the City Council balance the need for community economic development vs. the need to maintain Campbell's "quality of life"?

5. What is good and worth preserving about the community today?

What do you not like about Campbell?

6. How would you feel/react if the City Council overturned a decision of the Commission that you believed was the correct decision regarding a particular development proposal?

7. How do you view the advisory role of a Planning Commissioner in relation to the City Council? In relation to the staff?
