ADVANCE NOTIFICATION FOR THE UPCOMING

HAMILTON AVENUE REHABILITATION AND COMPLETE STREET PROJECT (23-BB)

PLEASE READ CAREFULLY

The City of Campbell has hired McKim Corporation to resurface Hamilton Avenue. Prior to the street resurfacing work, McKim will upgrade/install new ADA compliant curb ramps to comply with ADA standards; perform electrical work at several signalized intersections; repair uplifted/sunken curb and gutter to re-establish flow of water in the gutter pan; lower and adjust to final grade all utility appurtenances found in the street; and restore striping on Hamilton Avenue. The restriping of Hamilton Avenue will include bike lanes. Where possible, portions of bike lanes will incorporate bike buffers and green pavement markings at conflict zones. This project will improve the overall pavement condition, long-term pavement durability, and roadway safety for all modes of traffic.

Because Hamilton Avenue is a major arterial street that is heavily travelled and lined with a mix of housing, retail and corporate businesses, construction work on Hamilton Avenue is being scheduled in sections to provide the most efficient roadway construction operations and maintain local access. For more details and up-to-date information, please visit the City's project webpage at: https://www.campbellca.gov/1299/Annual-Street-Maintenance-Project-23-BB- , or use the adjacent QR code.

PROJECT LIMITS:

Construction work will start at the west end of Hamilton Avenue (640 feet west of Phoenix Drive) and will continue east towards Hurst Avenue.

CONSTRUCTION SCHEDULE:

Construction will begin in March and is expected to be completed by December 2026. Work will occur Monday – Friday, 8:00 a.m. – 4:30 p.m. Night work will occur between 9:00 p.m. – 6 a.m. for the sections of Hamilton Avenue between Winchester Boulevard and Bascom Avenue.

WHAT TO EXPECT / IMPACTS:

- Mail delivery and garbage services will continue
- VTA bus services will remain operational. Temporary bus stop relocations may occur
- Typical construction noise
- Dust and debris
- Lane closures & traffic delays
- On-street parking restrictions

IMPORTANT REMINDERS:

- **WATCH FOR SIGNS & WORKERS –** For your safety and for the safety of the construction workers, please obey all posted traffic control signs and instructions from construction workers in the field.
- **PLAN AHEAD –** If possible, use alternate routes. Allocate additional time for your commute.
- **PARK ELSEWHERE –** Posted parking restrictions will be strictly enforced. Any vehicles parked within the construction zone will be towed away by the Campbell Police Department at the owner's expense.
- **BE PATIENT –** Disturbance, dust, debris, and delays on a construction project are sometimes unavoidable. Construction crews will be working diligently to minimize construction impacts.

CONTACT INFORMATION:

For questions regarding this project, please contact Josh Nol at: (408) 904-9653, josh@mckimcorp.com , or the City of Campbell Public Works Department at (408) 866-2150

Roadway safety is our top priority. Thank you in advance for your patience and cooperation as we work to improve travel accessibility and safety on Hamilton Avenue.
