Licensed Contractor: \_\_\_\_\_ License #: \_\_\_\_\_

The State of California requires smoke and carbon monoxide alarms to be installed in all residential buildings. Smoke or carbon monoxide alarms are permitted to be battery operated in buildings where no alterations are performed on the interior or for plumbing, mechanical and electrical repair permits. Smoke, carbon monoxide or multiple-purpose alarms (carbon monoxide and smoke alarms) must be approved and listed by the State Fire Marshal. For an approved list of alarms, go to: <http://osfm.fire.ca.gov/> The devices must be installed per the manufacturer's instructions.

**Alarm Location Requirements**

**Smoke alarms** must be installed:

- a) in each room used for sleeping purposes
- b) in each hallway outside of the sleeping room(s) (a combination SD/CO may be used)
- c) on each level of the dwelling, including basements

**Carbon monoxide alarms** must be installed:

- a) outside of each sleeping room in the immediate vicinity of the bedroom(s)
- b) on each level of the dwelling, including basements

I hereby certify that smoke alarms and carbon monoxide alarms have been installed in compliance with current California codes and all alarms have been tested and are functional for the above permit.
